## I. GENERAL PROVISIONS

### 1. GLOSSARY (BASIC DEFINITIONS THAT ARE APPLICABLE IN THE REGULATIONS)

- **Regulations** — scope of rules that regulate the order of the competitions.  
The Regulations of the International SAMBO Amateur Federation (FIAS) together with the Statute are mandatory documents for staging World Championships and all the competitions staged under the auspices of the FIAS.
- **Calendar** – document, where all the competitions for a certain period are listed with venues hereof and further details.
- **FIAS Calendar** – list of the top world class SAMBO sport competitions officially approved by the FIAS Congress with indication of dates and venues hereof.
- **Official Competition** - play for SAMBO championship within the FIAS Calendar aiming to reveal the winner and distribute the subsequent positions.
- **World Championship** - play for SAMBO championship within the FIAS Calendar aiming to reveal the winner and distribute the subsequent positions amongst different age groups and institutions. These Regulations stipulate the staging of competitions through the example of a SAMBO World Championship for adults (hereinafter referred to as “the Championship”). For all other competitions, this format will be used as the basic one with consideration of specific features.
- **Bout** – a wrestle of two SAMBO athletes, performed under the SAMBO competition rules.
- **Outfit** – sportsman’s clothing and gear necessary for training and contest practice.
- **Judging rules** – method of holding a contest adopted for a certain kind of sport in a relevant federation.
- **FIAS Judging rules** – FIAS official rules pursuant to which the best contest participant is defined among other SAMBO athletes or teams during a sport competition.
- **Competition venue** – complex of premises and courts necessary for holding contests (competition ring, warm-up gymnasiums, changing rooms, press-center, broadcast center, parking areas, exhibition areas, etc.).
- **Secretariat** – body within the Referees’ Board with following functions: preparation of competition paperwork, processing hereof and analysis in order to define the winners, formalization of final protocols, etc.
- **Weighing of participants** – establishing the compliance of the athlete’s weight to its claimed weight category.
- **Medical control** – set of measures aimed at health and life support of the contest participants. It includes medical examination of athletes, medical and pedagogical supervision, sanitary and hygienic control after the places and conditions of training or competitions, health-educational and cultural activities. The medical control is carried out by medical-and-preventive institutions of the healthcare system under the supervision of the FIAS medical board chairman (delegated or persons).
- **Arena and matting requirements** – list of conditions necessary for a proper holding of SAMBO tournaments. Such conditions are regulated by special requirements for such premises (construction dimensions, through-put capability of the arenas and stands, sizes and spotting of the necessary amount of sport equipment and gear, etc.).
- **Opening, closing and awarding ceremonies** – a set of specially arranged official procedures for SAMBO competitions.
- **Participants’ accreditation** – procedure of formalization of an official document for specific event that confirms the participant’s personality, his functional category and access area (athlete, coach, organizer, judge, team doctor, security service, FIAS staff, VIP, etc.).
- **Competition running systems** – method of running the SAMBO competitions.

- **National hosting federation** – SAMBO federation of the country, holding the championship.
- **Organizing committee of the competition** – body responsible for the competition planning and holding including providing the infrastructure and executive work.
- **TV broadcasting rights** – scope of all rights for TV broadcasting of the FIAS competitions. The TV broadcasting rights are property of the FIAS.
- **Broadcasting organization** - company, which the organizer made a contract for creation of an international television signal with.
- **FIAS responsibilities** - FIAS responsibilities before the national hosting federation.
- **FIAS awards** – list of official awarding attributes handed to the winners and runners-up of the FIAS competitions. It includes medals, diplomas and cups with the FIAS official insignia.
- **FIAS media guidance** – document regulating the cooperation with mass media during the FIAS events.
- **FIAS television guidance** – document regulating the cooperation with television during the FIAS events.
- **FIAS advertisement guidance** – a document regulating the advertisement work during the FIAS events.
- **FIAS marketing guide** – document regulating the marketing work during the FIAS events.
- **FIAS anti-doping guidance** – document regulating measures on prevention and detecting the presence of the prohibited drugs in the athletes' bodies during the FIAS competitions. Is developed by the FIAS medical board on the basis of the WADA code and instructions.
- **Competition contract** – a treaty made between the host city, national federation-host and the FIAS.
- **Competition application** – document containing the list of participants with indication of their age, sex, sport qualification, weight category and medical permit. It is presented to the competition Organization Committee.

## 2. PREAMBLE

2.1 The Regulation serves as an organizational guidance for all SAMBO competitions (at different levels: international, continental and national). No deviations from this document are allowed.

2.2 In the Regulation, the masculine gender is used in respect to any person (such names as representative, participant, competitor, athlete, judge, arbiter, service staff, pronouns such as he, they, them), which unless otherwise expressly stated, shall be deemed as including the feminine gender.

2.3 The Commission for the organization of competitions is incorporated into the FIAS department for sports.

2.4 The organization of the world championships is the object of control by the FIAS Management, the Management of the continental federation and national SAMBO federations that is the organizer of specific competition.

2.5 The national SAMBO federation shall present the composition of the world championship organizational committee. The national Federation is responsible towards the FIAS Executive committee for the provision of a proper level of world championship holding. The FIAS is the final appeals instance.

2.6 The national SAMBO federation hosting the official competitions shall develop proposals regarding organization hereof based on the FIAS Regulations and with due consideration of local conditions. The FIAS Executive Committee supports the hosts by presenting guidance documents, technical assistance and providing a relevant control.

2.7 FIAS controls the holding of the world championship and the work of the Referee Commission.

### 3. BASIC PRINCIPLES

3.1 **Official judging rules** are applicable for all FIAS competitions: world championships, continental championships and all FIAS official events.

All amendments to the official judging events are adopted only on the FIAS Executive Committee decision.

#### 3.2 **Basic principle for the FIAS competitions**

The FIAS is holding separate competitions for the male and female persons. Competitions between persons of different gender are not allowed.

#### 3.3 **Regional SAMBO competitions control**

The FIAS exercises control over the regional SAMBO competitions where the world championship is supposed to be held according to the decision of the Executive Committee or Congress. This control suggests valuation of compliance of the federation activity with all regulatory documents: the Statute, the financial terms, the Regulation and the judging rules. During such SAMBO competitions, the judging and the technical matters are to be supervised by the executive persons appointed for the planned championship by the FIAS.

### 4. CALENDAR

4.1 **The FIAS Calendar is formed** in strict accordance with the official competitions rating (tab 1). First approved are dates of the world championships for seniors, youths, juniors and cadets, world cups. With consideration of these events the continental federations approve the continental championship dates.

4.2 **World championship: seniors** (men, women and combat SAMBO) is staged every year in compliance with the calendar (at one and the same month).

4.2 **World championship: youths** (men and women under 20 years) is staged every year in compliance with the calendar (at one and the same month).

4.3 **World championship: juniors** (boys and girls under 17-18 years) is staged every year in compliance with the calendar (at one and the same month).

4.4 **World championship: cadets** (boys and girls under 15-16 years) is staged every year in compliance with the calendar (at one and the same month).

4.5 All the competitions staged within the FIAS international competitions calendar are **official** and classified in accordance with their rank in **the international rating** (tab 1):

Table 1

**International rating of SAMBO competitions**

Rank	Name of competitions
1	World games (Sport Accord World Combat Games, Universiade, Student Games (13-14 years) etc.)

- 1 car for the Head of the sports Department, Chairman of the Referee Commission, Chief Referee and Chief Secretary of the competition;
- 2 mini-buses for the members of the Executive Committee;
- 1 bus for the referees.

**Note:** the above requirements are related to staging the official world championship and other FIAS events, they are to be mentioned in specific contracts.

#### **11.9 Anti-doping control**

The national federation organizational committee takes all necessary measures to perform the anti-doping control and assurance so that the athlete samples underwent analysis in the IOC and WADA-accredited or approved laboratories.

#### **11.10 Entry to the country of the event**

The National Federation hosting the Championship is to assist via the government authorities those representatives of national federation and athletes wishing to participate in the competition in presenting a respective possibility of entry and departure from its territory. The National Federations shall respect the consular requirements to the visa time parameters.

#### **11.11 General Program**

The National Federation hosting the Event must elaborate on the basis of the Regulations a detailed program holding all the dates, events and venues related to the Championship organization. This program must be agreed with the FIAS Commission in charge of this championship 6 (six) days prior

to beginning of the championship. The Program is sent to each participating National Federation and all the FIAS staff members 30 (thirty) days prior to the date of arrival.

The renewed program must also be given to each National Federation, members of the Executive Committee and the FIAS staff members on their arrival.

#### **11.12 Accommodation**

The Organizer will report the National Federations of the accommodation and nutrition conditions three months prior to the date of the world championship. The report must include the information regarding the level of the hotels (minimum three). To provide normal accommodation the hotels shall be of decent level.

Hotel requirements – minimum 3 (three) stars + two meals (breakfast & supper). All this is covered at the rate of 100 (one hundred) USD for one person per day.

The National Federations must give the official confirmation of the composition of delegation, provide the flight numbers and advise on the necessity of welcoming 1 (one) month in advance.

The Organizational Committee at prior request must provide special nutrition for the event participants with consideration of their national and religious cuisine peculiarities.

For non-official delegation members who plan to accommodate on their own the organizers must propose hotel options (with addresses and description of conditions) and receive 150 (one hundred fifty) USD per person as an accreditation fee.

The Organizational Committee provides for the period of Championship the accommodation of the FIAS President, Secretary General, 1<sup>st</sup> Vice-presidents and Vice-presidents.

#### **11.13 FIAS Treasurer requirements to the national hosting federation**

The National federation that is hosting the FIAS line competition provides a necessary working place and equipment (copy machine, printer) for the FIAS Treasurer (Assistant Treasurer).

The execution of a FIAS license book takes place during the work of the registration commission, and each participating delegation must be informed in advance hereof.

To execute the license books the leader of each arrived delegation must present the FIAS Treasurer with a list of the athletes participating in the competitions to define the athletes who had previously obtained the license for the current year at other FIAS line competitions. It is also necessary to present a payment receipt for FIAS annual membership fee.

Each participant arriving for execution of the FIAS license books must carry the passport as well as the license book, if available, previously received at the FIAS line events.

If the participant had paid the license fee for the current year non-cash – by a funds transfer to the FIAS bank account, it is necessary to present a copy of the payment order marked by the bank.

The FIAS Treasurer must present each competition participant a payment receipt for the license book (annual license).

## **12. FIAS RESPONSIBILITY**

12.1 The FIAS responsibility begins from choosing a National federation to be the host of the FIAS calendar competition. This choice is made after analysis of the bids from prospective organizational committees (OC) with consideration of financial and operational aspects as well as the matters of TV broadcastings.

12.2 FIAS appoints different delegates who are responsible for different aspects of the competitions: organizational, technical, press, medicine, television.

12.3 **FIAS supports** the Organizational committee of the national federation at preparations of the world championship.

FIAS will cover payment for the reception of the referees, appointed by the Chairman of Referee Commission (accommodation, nutrition, work (50 (fifty) USD per day)); provides travel, accommodation, nutrition, work (100 (one hundred) USD per day) for the Chairman of the FIAS Referee Commission, Chief Referee, Chief Secretary and FIAS Treasurer with consideration that they arrive one day earlier and leave one day later of the official terms of the competition; will cover payment for the procedure of doping control of the athletes at the official competitions at the suggestions of the Chairman of the Medical Commission.

FIAS at the suggestion of the Organizational Committee approves the design of the awarding attributes (medals, diplomas, cups).

12.4 To control the progress of preparations and to provide practical assistance the FIAS President appoints a commission. The commission submits a report to the FIAS Board and the FIAS Executive Committee two years, one year and half a year before the beginning of the championship.

12.5 The FIAS Secretary General six months prior to the world championship will send to the SAMBO national federations official invitations, preliminary program, general remarks on organization, rules and forms of applications.

12.6 The FIAS Treasurer on the basis of the Statute, financial rules and the Regulations is preparing a Contract between the FIAS and the national federation after the appointment of the candidate.

### 13. COMPETITION VENUE

13.1 The sports venues for holding the championship shall be of imposing character and shall be big enough to facilitate the provision of all necessary conditions and have no less than 2000 (two thousand) seats for the world championships. The hall arrangement shall be as required by the Regulations (**Appendices 13-16**).

13.2 Hygienic requirements for the SAMBO competition venue.

- The daylight factor of the hall shall be not less than 1:6; the artificial light – not less than 100 luxes. The mat shall be lighted from above by the reflected or diffuse light lamps with protective mesh screens.
- At holding the competition indoors the temperature shall be between +15 and +25 degrees C°, the air humidity – not less than 60%. The ventilation shall provide a triple air change per hour.
- At holding the competition outdoors the temperature shall be between +15 and +25 degrees C°. The mat shall be protected from direct sunlight.

13.3 The venue for competition and the adjoining territory shall be protected from unauthorized access. There shall be a sufficient amount of seats for the members of the FIAS Executive Committee, Sports Technical Department, referees, service staff, physicians (approximately 70 persons)

A certain amount of seats shall be reserved for the guests of honor, the President and Secretary General, leaders of the participating national federation delegations, journalists.

The seats for participants shall be placed as close as possible to the competition area.

It is necessary to provide a possibility of unrestricted movement of the doping control service workers in the competition area.

13.4 To host a world championship the sports venue shall have available a warm-up gym in area of minimum 600 square meters.

13.5 Each mat shall be equipped with two electronic indicator boards (**Appendix 15**), best spotted to view all categories, a spare indicator board, a manual indicator board, stop-watches, gongs, etc. that are provided by the organizers in accordance with the judging rules.

13.6 At each mat video cameras are spotted with monitors for the judges to review the disputable situations of a bout with participation of the Chief Referee or Deputy Chief Referee (**Appendix 15**).

13.7 The organizers provide tables for at least ten persons nearby each SAMBO mat (the FIAS sports department specialists among them). The representatives at the table shall work independently from other objects.

Except tables nearby the mat there shall be organized a central desk for the jury of appeal which is to be equipped with a microphone for announcements. There shall be 2 (two) tables for the physicians, out of the camera angle but within sight from the mats.

A table is necessary at the athletes' entrance for the participants' uniform control in the competition area.

The organizers shall provide special stands for the athletes where the protocols of the course of competitions for different mats will be presented.

13.8 There shall be available lockable cloak rooms, a first aid room, massage tables, premises for recreation of the sports and referee commission, the referee, a working room for the press, a canteen. Other information regarding the material and personnel requirements is set forth in the **Appendices 5 and 7**.

13.9 The Chief Referee and the head of the FIAS sports department must (in order to check the availability and workability of the necessary equipment and means of connection) check the readiness for the competition of the premises, equipment and outfit, their compliance with the International SAMBO Rules, draw a Statement of acceptance of the competition venue and also make sure that the necessary papers are available (**Appendix 6**).

13.10 The organizers must provide in the sports hall seats for the participants, guests, official persons, press and TV representatives. The access to the sports hall is allowed by accreditation only.

#### **14. STANDARD REQUIREMENTS FOR THE COMPETITION AREA AND MATS**

14.1 The size of the mat for SAMBO competitions shall be 12x12 meters. The central surface ("working area") of the mat where the bouts are conducted is the circle 9 meters in diameter. The width of the protective (safety) zone (the rest of the mat) shall not be less than 2,5 meters in any point of the circle.

The mat, made of synthetic fabric, shall be smooth and not less than 5 centimeters thick and of a density 140 kg/m<sup>3</sup>.

The center of the mat is marked with the circle 1 meter in diameter; the width of bordering line shall make 10 centimeters.

The whole surface of the mat shall be covered with the coverlet made of firm soft fabric or some synthetic material without rough seams. The covering shall be tightly stretched and fastened. The covering shall be disinfected.

Two opposite corners of the mat are marked with red and blue colors (red – to the left of the officials' table, blue – to the right).

14.2 To prevent injuries the floor near the mat shall be covered with a soft material, carefully fixed in place (or gymnastics mats) with the width not less than 1 meter, not less than 5 centimeters thick and not thicker than the mat itself.

The platform where the mat is placed shall be up to 2.5 meters wider than the mat on every side. The equipment positioning diagram is described in the **Appendix 15**.

To avoid any injuries at the distance of 2 meters around the mat there shall be no strange objects. Spectators shall be seated at the distance of 3 meters from the mat.

14.3 During the competitions, held on the platform, its height shall not exceed 1 meter. The sides of the platform shall have 45° outside incline.

14.4 The suitability of the mat and equipment for the competitions is defined by the Chief Referee, the doctor and representatives of the organization conducting the competition. The mat suitability is recorded in a special reception statement (**Appendix 6**).

### **III ORGANIZATION OF COMPETITIONS**

#### **15. APPLICATIONS FROM PARTICIPANTS**

15.1 The national federations participating in the competitions under the FIAS auspices shall present the preliminary applications (number of participants) three months prior to the date of competition. The final application (names, weight categories, athletic feats) is presented 10 days prior to the beginning of competition by means of an obligatory online registration in the FIAS site.

**15.2** For all age groups, events and gender of participants there is allowed at the championships one contestant for each weight category. At the world cup competitions and A and B category tournaments it is allowed for more than one participant from a country to take part (in accordance with the Provisions)

15.3 The athletes may only be staged in their claimed weight category.

#### **16. ARRIVAL OF PARTICIPANTS, PRELIMINARIES.**

##### **16.1 The information, the booklet and the information desk**

Throughout the championship from the moment of the first delegation arrival and down to the very last day of the championship the Organizational Committee of the National Federation is to distribute all the central office participants among several hotels where they shall provide all delegations with information that is necessary for the stay and participating in the world championship.

An Information stand of the organizational committee with the representatives shall be organized in the main airports and railroad stations at the time of arrival of the national federations, greet all delegations and provide information regarding further transportation.

The information and application receipt office addresses and telephone numbers are sent to the national federations and the FIAS officials at least ten days prior to the championship.

The offices shall be open 24 hours a day at least on the days of arrival of the delegations.

##### **16.2 Registration**

The registration of participants is executed in accordance with the diagram set forth in the **Appendix 3**.

The team representative with a set of necessary documents (passport, participant's license, insurance, medical control card), receives a queue ticket and waits in a specially designated area.

At first stage the team representative verifies the delegation members against the list from the preliminary application and performs the participants' nationality control (by presenting passports). If the athletes from this team are not included into the FIAS members electronic database, they are photographed and fill up the questionnaires. The final team list is endorsed by the FIAS representative.

Then the team representative pays the necessary FIAS fees (or verifies the financial documents).

At the next stage the Organizational Committee receives money for nutrition, accommodation, transfers and issues the accommodation placement and meal coupons.

The organizational committee verifies with the representative the propriety of the national flags portrayal and the sounding of the national anthem of the country.

Finally the representative receives accreditations for the whole team and informational materials regarding the Championship.

##### **16.3 Accreditation.**

For each member of an official group from the national delegations (athlete, coach, representative, physician...) FIAS issues an accreditation card during the official registration. This card contains: a surname and a name, a FIAS identification number, a photo, a country and additionally for the athletes – a weight category.

This accreditation card is valid throughout the period of championship and serves for all situation as an athlete's identification document. Free of charge accreditation is issued by an official representative provided the following conditions are met:

Number of athletes in the delegation	1-2	3-4	5-6	7-8	9-10	11-12	13-14	15-16	More than 16
Number of free accreditations	2	3	4	5	6	7	8	9	10

If the number of official representatives is exceeded it is paid at the rate of 100 (one hundred) USD per each accreditation.

#### 16.4 **Citizenships**

The athletes shall have the same citizenship as the National Federation they represent. Persons appointed by the FIAS Executive Committee verify the athletes' citizenship. The proof of the citizenship will be the passport issued by the country the athlete is capped for.

#### 16.5 **Insurance and civil responsibility**

Each National Federation shall take all responsibility for injuries and medical insurance as well as civil responsibility for their athletes and representatives, including the appointed referees during the world championship.

The competition organizers shall provide the insurance of the event.

#### 16.6 **Anthems and flags**

The organizers present anthems and flags, the delegation leaders shall verify the compliance of the attributes presented with their country of origin

The flags shall be made horizontal, dimensions being 180x120 cm. There shall be available at least 2 (two) flags. For the world cup stages and A category tournaments there shall be more than 2 flags.

FIAS shall present to the organizers a collection of shortened versions of the anthems of the national federations-participants of the Championship on electronic materials.

#### 16.7 **Trainings**

The hosting Federation provides training halls and transportation there and back for all the athletes. The time of trainings shall be coordinated between the delegations and incorporated into the schedule.
