

FIAS Environment Policy

The FIAS Environment Policy supports the aims and principles regarding sustainable responsibility in the activities assumed by FIAS. This includes its events, equipment used and office operations. The Federation will be held accountable in preserving the environment and managing resources through its practices in hosting events.

The Policy aims

- To promote environmentally sustainable practices
- To provide education to all members especially to athletes, coaches and staff
- To integrate the environment pillar with social and economic to ensure the current and future needs of the sport events and FIAS are met

The Policy Principles

- Application of environmental practices at each SAMBO event
- Consideration of environmental impact within each event and advance its development from each event
- Prevention of pollution by responsible management, reduction of emissions & waste and efficient use of energy and natural resources based on the availability in host city
- Promotion of the idea of being environmentally responsible among the FIAS stakeholders
- Monitoring environmental performance, setting measurable objectives by utilizing guidelines and targets for achieving sustainable improvement at the FIAS events

Actions at FIAS Events

FIAS will follow these actions at the SAMBO events in the host city based on the success of the two events conducted in 2015.

- Waste Management Protocol
- Energy Consumption and Energy Efficiency
- Save Water Campaign
- Emission Control and Transport Management
- Environmental awareness and education

FIAS seeks to reduce the environmental impact the federation and events by working towards a carbon reduction commitment. This policy will help in the positive contributions to the society through education and workshops. Our aims in the coming years are to further spread the word of protecting our environment along with the economic and social impacts and be compliant with the Olympic Agenda 2020 recommendations to be a sustainable sport.
